Dear Edie,

I want to take this time to let you know how happy I am to be able to send my clients to someone that I can trust for their credit repair. I have never in my 10 years of being a loan officer recommended that a client seek the help of a credit repair company, until now.

I can confidently refer my clients to Clean Slate. I know they are treated with dignity and are supported through the entire process. My clients are thrilled to have the opportunity to correct their credit the right way. However, if they can't achieve their goals in a year their money is refunded. Regardless of the outcome the clients are happy because in that year's time they have made some strides in improving their credit.

Thank you so much Clean Slate!

Sincerely,

Jackie

Hi Edie,

You always hear about these credit repair companys out there that promise the world and don't deliver. I'm thankful that I finally found a company like CleanSlate that over delivers on their promises. Since enrolling people in credit repair through your company I have been able to keep the American Dream of owning a home alive for many families.

CleanSlate has makes the entire process from start to finish a breeze for my customers. Their online organizational tools and direct contact with the client cut out any work ambiguity. The process is clear and easy to follow for anyone.

Thanks again for getting my customers from 580's to over 660.

It is hard to find a reputable company I can trust to take care of my customers. Clean Slate is that company. I know that when I send someone to them, they will be taken care of.

Even better, my customers come back to me with a credit score that allows me to qualify them for their new home.

I am glad I found them, and so are my customers.

*"P.S. While my business is good and growing steadily, it is important for you to know that I am never too busy to help those you refer to me: your family, friends, neighbors, and coworkers."*

*"Don't keep me a secret! Take a minute to let your friends know the value you received from our services."*

Clean Slate Credit Repair is an extraordinary service that I recommend to **all** my clients who have bad credit. In the past ten years I've been a Mortgage Banker I have come across many credit restoration companies that have marketed a product with false hopes for my clients. In my industry a product that does not work leaves a sour taste in my client's mouth therefore, reflecting badly on me.

However, what stood out the most about Clean Slate is there excellent customer service and niche no other credit repair company has. The "positive" trade-line in the amount of \$2,500 to boost up your FICO score! When Eddie Webber the vice president of Clean Slate explained the pros and cons of positive trade-lines vs. negative this made complete sense on why Clean Slates product works!

As a Banker every client that comes through my door is a prospective buyer whether it's today, tomorrow or 4 months from now. Clean Slate has brought my sales up 7% in the last quarter alone by sending present buyers with bad credit through there restoration program and once graduated coming back to use my services.

Clean Slate's persistence, patience and assertiveness are there calling card, and I only see success in Eddie and Brain Webber's Company. Both talents combined will only be overshadowed by their success!

TO: Edie Webber, President -- Owner of Clean Slate Credit Services

I just wanted to let you know how very happy I am with the services you have provided for not only me and my team but our customers.

You and your great company have truly made me a "Raving Fan of Clean Slate Services"!

The professionalism and rapid assistance when needed, from the day I joined, has been nothing short of awesome.

There are not many companies today that have a live person answer or at least call or email back as soon as possible, and that alone is much appreciated.

My team members and clients have had nothing but praise when they have had occasion to use your company. The website is easy to use and covers everything.

I just wanted to let you know I appreciate you and your great company and proudly refer my clients to you and will continue to do so. I look forward to a long and happy relationship with you and the entire Clean Slate professionals. It is comforting to know there is a company such as yours who cares about the clients and goes that extra mile when and if needed.

Keep up the great job!

Sincerely,

*Judy*

Hi Edie,

Thanks for asking me to share my thoughts of clean slate credit repair. I am very well pleased knowing that in a matter of months I will be in my new home and starting a new career. Credit worthiness is a huge essence in our worlds system. It's a performance grade of our stewardship. In order for good to happen we need professional wisdom ( advise) of what to do. By this I know that clean slate service will handle my financial pass that has hindered me from moving forward. Gods word is a lamp unto my feet! Proverbs 19:20 NIV **Listen to advice and accept instruction, and in the end you will be wise.**

Good Morning Edie,

I wanted to take a moment and let you know how much I appreciate the work done by Clean Slate Credit Services. I work with a few home builders in Texas and I have an edge over other lenders in the area because I am able to offer services that they choose not to. I can not only work with "A" credit clients and provide good service but also hand hold clients that do not meet credit standards for current loan programs. I am able to build homes for clients as they enroll in your program and it has worked wonders for me so far. I have at least 8 closing in the next 3

months because of your services. I cannot thank you enough for not only the extra income but also the new relationships I had developed using your credit services.

Have a great day,

Alicia,

It has been great working with you. Clean Slate has been very professional in all ways, especially you. Hi Edie,

Thank you for the email. It has been great working with your company so far. I like the email suggestions on how to graduate and the website so I can track my progress. I am following your company's instructions to the letter and look forward to an improved credit score in the future months. Thank you.

I think Clean Slate has done a great job! My score has gone up a lot, it is just about to get over the over the 640 mark. Marie emails me a lot, letting me know how things are going. And she always answers the phone or calls me right back if I have a question. I look forward to finishing up soon.

Thank you,

Hi Edie,

This is Deautric's wife Tamarind Adams-Sims. I wanted to tell you how much clean slate has helped. I had an account with Lexington law firm and I spent at least 1100.00 dollars alone trying to repair my credit. My score changed very little and that took 12 months to happen. Whenever I called I never had the opportunity to speak with the person that was working on my case. Since we have been with clean slate our credit repair experience has been very easy. We have a relationship clean slate. When we call we actually talk to a person. More than half of our negative items have been deleted in just 2 months. And most of all the 640 or free guarantee is amazing. Clean doesn't take their clients money and they don't waste our time. Clean slate has truly been a blessing to helping my husband and I repair our credit from mistakes we made in our past. Thank you clean slate!!!

*Dear Edie,*

*I wanted take a few minutes and express to you and your staff about the positive results we are experiencing with Clean Slate Tx Credit Repair.*

*The follow thru from your staff is fantastic, that is a quote from one of my clients I sent your way. The process usually takes about 90 days or less to see positive results. Over my 11 years in the Mortgage Industry, I have put my faith in many different credit repair companies, only to end up with less than positive results. Any company or individual can dispute items on a credit report, however unless those items are removed, the credit scores do not increase. The line of credit your company adds to the borrower's credit profile is a huge benefit; in fact that addition is sometimes the financial advantage the borrower needs to get to a higher score.*

*It is a great feeling to help someone purchase a home or refinance when other lenders said no!*

*Best Regards,*

*Scott Simmons  
Credit Manager*

I have been in this business for many years and I have searched for the perfect Credit Restoration Company. I have found many and worked with many. But recently I found one that fits all of my requirements.

1. Affordable
2. Easy payments
3. On-line 24hr tracking
4. Superior customer service.

That is why I recommend Clean Slate to all of my clients because they will take care of you and help you qualify for a home. They will work with you until you do, or you get your money back. Clean Slate has the only credit improvement program that guarantees results or the service is free. And the only one that includes the opportunity to receive a \$2,500 merchant credit account to help jump start your new credit profile.

They help add positive credit to their client's file. This is the only method that works to raise a credit score significantly, and the only company that guarantees their results.

Hi Edie,

I wanted to let you know that I appreciate you taking care of my father-in-law's boss, Mr. Cole.

I was really sweating that one, but he went thru your program and was really pleased with the service.

His scores increased, and Clean Slate was able to get much of the derogatory things removed.

Thanks again,

Israel.

Clean Slate has been a tremendous blessing to me. There is no amount of money that could pay for the knowledge and life long lessons that I have learned. I am so grateful for this experience. I like most college students bought into the idea of completing credit card applications for a free meal or a measly gift card. In return I was easy prey for poor credit. The clean slate staff has taken me by the hand and assured me that together we can clean up the credit and repair a mindset to maintain good credit. I have been treated with much more respect than "just a customer." Each time I call with questions, which is several, I have been greeted with patience, a warm and friendly explanation, and someone that takes the time to treat me like a person.

I am not the type of person that buys into cheesy commercials of how great a company is. I can say as a personal testimony that clean slate is a blessing. Like any good thing, I have shared with anyone who would listen and will continue to recommend clean slate to EVERYONE!!!

THANKS Clean Slate!!!!
